God has led Capstone Ministries to develop a unique discipleship study in response to Christ's command to "go and make disciples." It is unique in that the study is composed almost entirely of scripture verses with questions interspersed to promote meditation and discussion on God's word. It consists of eight lessons. The first three are related to salvation and the changes that take place once saved. The last five lessons relate to sanctification-being conformed to the image of Christ and bearing His fruit of love. There are over 30,000 verses in the Bible and the *Make Disciples* booklet comprises 200 of the most profound and life-changing verses found in God's inspired word. This may account for the demand we have received for the study, not only in India where it was originally intended, but also around the world. It is translated in Spanish and now taught in Cuba, Nicaragua and Mexico. It is in the Philippines and set to go to Vietnam. Six major language groups in India use it; also one in Sri Lanka and Nepal. It is being translated into Russian. People clearly have a hunger for God's word. Four language groups in Africa use it including the Gurma people pictured above. They live in east Burkina Faso, a landlocked country of 22 million, surrounded by six nations in west Africa. The people above have been displaced from their homes by al-Qaeda and ISIS terrorists. A dedicated pastor in the region, Paul L., translated the study using an online digital Bible in their language to copy/paste the verses. Through it, they understood the Gospel for the first time- and received it! **Please pray for them.**

Capstone Ministries wishes you a blessed Christmas
